

Coconut Poppy Seed Cake

Lots of coconut flavor in this one!

Ingredients:

White cake mix

8 oz can poppy seeds

1 teaspoon Goodman's Coconut

2 boxes instant coconut cream pudding

1/2 teaspoon Goodman's Coconut

8oz Dream Whip or Cool Whip

½ teaspoon Goodman's Coconut

Optional:

Shredded coconut

Preparation:

Prepare cake mix as directed. Add poppy seeds and 1 tsp Goodman's coconut flavor to batter. Bake, as usual, in a 9 X 13 pan sprayed with nonstick spray. Remove from oven and let cool.

Prepare pudding using ½ cup less milk than box instructions require for each box. Add 1/2 tsp Goodman's Coconut flavor to pudding. Refrigerate.

Spread thickened pudding over cooled cake. Top with Dream Whip or Cool Whip, also flavored with ½ tsp Goodman's coconut flavor.

Optional:

Toast ½ cup shredded coconut in oven until light brown. Sprinkle on top of whipped topping.
